We would only do this in compliance with the appropriate legal and technical safeguards such as the standard data protection clauses adopted by the European Commission, Binding Corporate Rules or as a result of an adequacy decision of the European Commission

5. Which decisions made about you will be automated?

Before we can sell you an insurance product or service, we may conduct the following activities, which involve automated (computer based) decision-making:

Pricing and Underwriting – the process calculates the insurance risks based on the information that you have supplied. This will be used to determine if we can provide you with a policy and to calculate the premium you will have to pay.

The results of these automated decision-making processes will limit the products and services we may be able to provide you. If you do not agree with the result, you have the right to request human intervention to allow you to express your point of view and contest the decision.

6. For how long will RSA keep your information?

RSA Information submitted for a quotation may be retained by us for a period of up to 72 months from the date of the quotation. All information in respect of a policy (to include claims on the policy) will be held for 8 years after the ending of the client/insurer relationship to ensure we meet our regulatory obligations. We will retain call recordings for 8 years from the date of the call.

There are certain policies where we need to keep data for longer than the normal periods where we may receive claims where the claimant was not aware of the injuries until a long time after it was caused.

7. What should you do if your information is incorrect?

If you think that the information we hold about you is incorrect or incomplete, please contact your intermediary or contact us and we will be happy to rectify it for you.

8. What are your rights over the information that is held by RSA?

We understand your information is important to you, therefore you may request us to undertake any of the following actions:

- A) Provide you with a copy of the personal information we hold about you, in a commonly used electronic format (or hard copy if you wish).

We endeavour to respond within one month from receipt of the request. If we do not meet this time frame, we will explain why this was in our response.

Please note that simply submitting a request does not mean we will be able to fulfil it – we are often bound by legal and legislative law which can prevent us fulfilling some requests in their entirety, but when this is the case we will explain this to you in our response.

Requests to restrict the use of your information or to object to the processing of your data may lead to RSA being unable to continue to service your policy and therefore lead to cancellation of your policy.
