About your Policy

The following summary contains some important information about your policy. It does not contain the full terms and conditions of your policy which can be found within the policy wording. **You** should review your insurance documentation regularly to ensure that the cover provided is adequate.

This is not an agreed value Policy but is based on the actual Market Value of the Vessel, up to a maximum of the Sum Insured. Agreed value policies can be arranged upon request and receipt of a current professional valuation at Underwriters' discretion.

Procedure

It is very important that **We** are informed as soon as possible of any event that may lead to a claim under your policy. Therefore, when you contact us please also quote your policy number if you have it to hand.

- Following your initial notification of a possible claim we will send you an email to acknowledge our telephone conversation and attach your electronic claim form which will be partially completed based on the fact you provided by telephone.
- Your claim form should be fully completed, checking that all information provided is correct and it provides a full explanation of the incident along with the subsequent loss or damage sustained. Once submitted, the material facts of your claim form cannot be changed.
- You will also be asked to provide the following documents with your claim form.
 - a) Proof of ID
 - b) Copy of the Vessels Registration or proof of ownership.
 - c) Photos of the damage sustained.
 - d) Estimates of repair.

Useful Information

- Please remember that the repair contract is between you and the contractor. Any instructions regarding either repair or replacement must come from you. However, if you instruct repairs to commence prior to Insurers approval in writing, the cost associated to the work completed will be removed from your final invoice.
- The claim may be subject to deductions in addition to any policy excess and the clauses in your policy wording should be read carefully so that you are fully aware of these (e.g. sails, covers and outboard motors).

Helpful Advice

When loss or damage occurs you should act as if uninsured. This may seem unusual advice, but it is most important that in the event of any incident involving your vessel, you must take all reasonable steps to minimise the loss.

Own Damage

- Take immediate action to safeguard and protect any property from further damage or deterioration (this may include first aid to the engine).
- Enlist help (professional if necessary) if immediately required to safeguard and protect your boat and equipment.
- Try to agree a realistic charge or fee if a tow is required before acceptance.
- Retain and look after all broken/torn/damaged items for inspection.
- Take photos of the damage which are clear and show the extent of the damage.

Damaged by a Third Party

- If racing, protest the Third Party if they did not accept a penalty. Obtain witness(es) statements.
- Obtain details of boat type/class/number/name/club and any witness(es) details in addition to the name(s) and address(es) of the helm and boat owner.
- Road Accidents - obtain details of the driver, vehicle and insurer and any witness(es), and/or call the Police to the scene.
- If possible, write down all the details and make a sketch of the site.

Damage to Third Parties

- If a Third Party wishes to hold you liable for damage, provide them with our details, your name, policy number and boat details. You should not acknowledge any correspondence and pass it on to us immediately.
- Do not make any admission of liability and do not make any offer of payment.

Theft/Vandalism

- Any theft or malicious damage should be reported to the Police promptly.
- Keep a note of the Police Crime Reference Number.
- We will also need the serial numbers of any engines, tenders etc.
- Notify your club and local harbour master with full details of the theft/vandalism.

This Helpful Advice section is intended to provide some guidance should you have to submit a claim under your policy. It does not form part of any policy wording or give any indication of acceptance of a claim.
