Note to Financial Brokers:

As part of the setting up of a self-directed ARF there is a requirement for a bank account. The beneficial owner of the pension decides what bank they want to use. We have pre-approved mandates with Bank of Ireland as Bank of Ireland has the capabilities to deal with the requirements of a self-directed ARF. However it should be noted that your client is free to choose any bank they wish provided that the chosen bank can operate the account in the required compliant manner and can facilitate the processing of third party transactions. Please advise us of which bank your client has chosen by completing the appropriate mandate.

Please note that the provision of this product or service does not require licensing, authorisation or registration by the Central Bank and, as a result, it is not covered by the Central Bank's requirements designed to protect consumers or by a statutory compensation scheme.
